Dear colleagues from IEEE ComSoc Signal Processing and Computing for Communications Technical Committee,

Welcome to the thirteenth issue of the SPCC Technical Committee Newsletter. This newsletter is conceived as a way to share all the relevant information for the members of the technical committee and to have some brief and updated contact approximately every six months. Our aim is that it can be a useful communication tool, open for everybody to contribute.

Please feel free to send us any piece of news that you believe can be of interest for our community.

Kindest regards,

Roberto Corvaja  roberto.corvaja@unipd.it
SPCC TC Newsletter Editor

Message from the Chair

Dear SPCC Members,

We would like to thank you all for being part of the SPCC community, and for your dedicated contribution to its technical activities.

We are happy to report the exciting activities which our technical committee is involved in, from supporting various conferences in our areas, to organizing journal special issues and special sessions at conferences. We hope to further increase the number and types of activities, and for that we rely on your support. Please contact us with any ideas about new activities.

Please stay healthy and safe. We are looking forward to seeing you again at future in-person SPCC TC meetings at ICC and GLOBECOM.

Best Regards,

Jingxian Wu
Contact information

The current officers of the SPCC TC between 2022 and 2023 are:

**Chair**
Jingxian Wu
University of Arkansas, USA

**Vice Chair**
Ana Garcia Armada
University Carlos III of Madrid, Spain

**Secretary**
Yuanwei Liu
Queen Mary University of London, UK

**Standards Liaison**
Richie Leo
ZTE Corporation, China

**SIG Coordinator**
Fang Fang
Durham University, UK

**Newsletter Editor**
Roberto Corvaja
University of Padova, Italy

**Student Competition Representative**
Rui Dinis
University Nova Lisboa, Portugal

Please refer to our web page for further information:
http://spcc.committees.comsoc.org/officers/

The SPCC Technical Committee reports to the Technical Committees Board. Operation of the SPCC Technical Committee and coordination among TC members will be managed by the elected officers, i.e. TC Chair, TC Vice Chair and TC Secretary. Each term of elected Technical Committee officers is two years.

SPCC-Tc has been successfully recertified for 2023-2024 with very positive feedbacks from Technical Committee/Industry Community Recertification Standing Committee about our accomplishments and the recommendation from the recertification committee to further increase the diversity of the TC membership, such as female members and industrial members.

**How to join SPCC Technical Committee and mailing list**

Membership on the IEEE SPCC TC is open to all members of the IEEE Communications Society who share an interest in signal processing & computing for communications.

To join the SPCC, you simply subscribe to the SPCC mailing list by using the following link:

https://comsoc-listserv.ieee.org/cgi-bin/wa?SUBED1=spce&A=1
Committee meetings

- The SPCC GLOBECOM 2022 Minutes are available at
  [SPCC GLOBECOM 2022 Minutes](http://spcc.committees.comsoc.org/)

- Last SPCC TC meeting was held online, on May 10, 2023 with the following agenda:
  - Welcome & Introduction
  - Approval of Meeting Minutes from Nov. 29, 2022
  - SPCC Scope, Objectives and Organization Structure
  - Technical Program Committee Reports
  - SIG Activity Reports/New SIG Presentation
  - Student/Standard Activities
  - Newsletter
  - SPCC Awards Announcement
  - Other Business

Conferences

TPC Reports on flagship conferences

GLOBECOM 2022

IEEE GLOBECOM has been held in Rio de Janeiro, Brazil, on December 4-8, 2022, with General Chair Prof. Nelson Luis Saldanha da Fonseca, University of Campinas (UNICAMP), Brazil, and TPC Chair Prof. Fabrizio Granelli, University of Trento, Italy.

SPCC nominated the following Symposium Co-Chairs

- Nan Zhao (Dalian University of Technology, China), Signal Processing for Communications Symposium
- Sami Muhaidat (Khalifa University, UAE), Wireless Communication Symposium

For the Signal Processing for Communications (SPC) symposium at GLOBECOM 2022, 127 papers have been submitted and have been reviewed by 110 TPC members. The number of accepted papers was 52, with 40.9% acceptance rate.

For the Wireless Communications (WC) symposium, 336 papers have been submitted and have been reviewed. The number of accepted papers was 134 with 40% acceptance rate.

For the Selected Areas in Communication (SAC) symposium: 176 have been submitted and have been reviewed. The number of accepted papers was 70 with 39.8% acceptance rate.

ICC 2023

Next IEEE ICC has been held in Rome, Italy, on May 28 – June 1, 2023, with TPC chairs:

- Meixia Tao, Shanghai Jiao Tong University, PRC
SPCC sponsors this conference and appointed the following representatives:

- Junqing Zhang (University of Liverpool, UK): Signal Processing for Communications Symposium
- Mingyue Ji (University of Utah, USA): Wireless Communications Symposium
- Arsenia Chorti (ENSEA, France): Wireless Communications Symposium

For the Signal Processing for Communications (SPC) symposium at ICC 2023, 119 paper have been submitted and have been reviewed by TPC members. The number of accepted papers was 49, with 41.2% acceptance rate.

For the Wireless Communications (WC) symposium, 320 papers have been submitted and have been reviewed. The number of accepted papers was 126 with 39% acceptance rate.

**Forthcoming flagship conferences**

**GLOBECOM 2023**

Next IEEE GLOBECOM will be held in Kuala Lumpur, Malaysia on December 2023, with TPC chairs Stefano Bregni, Politecnico di Milano, Italy, Rose Qingyang Hu, Utah State University, USA, Jiang (Linda) Xie, University of North Carolina at Charlotte, USA.

SPCC sponsors this conference and nominated the following Symposium Co-Chairs:

- Lingjia Liu (Virginia Tech, USA) Signal Processing for Communications Symposium
- Fang Fang (Durham University, UK), Signal Processing for Communications Symposium
- Yuanwei Liu (Queen Mary University of London, UK), Communication Theory Symposium

The review process is in progress.

**ICC 2024**

Next IEEE ICC will be held in Denver, Colorado, on June 2024.

SPCC sponsors this conference and since now nominated the following Symposium Co-Chair:

- Yanjun Pan, University of Arkansas, US, Signal Processing for Communications Symposium
- F. Javier López Martínez, University of Malaga, Spain, Communications Theory Symposium
- Gaojie Chen, University of Surrey, UK, Wireless Communications Symposium
GLOBECOM 2024

Next IEEE GLOBECOM will be held in Cape Town, South Africa, on December 2024.

SPCC sponsors this conference and since now nominated the following Symposium Co-Chair:

- Yuanwei Liu, Queen Mary University of London, UK
- Zhijin Qin, Tsinghua University, China
- Qingqing Wu, Shanghai Jiao Tong University, China

Other related conferences/special issues

SPCC sponsors the following conferences:

- **ICICSE 2023** IEEE 3rd International Conference on Information Communication and Software Engineering (ICICSE), April 2023, Chongqing, China
  

  SPCC representatives:
  - Xianbin Wang, Western University, Canada
  - Hai Lin, Osaka Prefecture University, Japan
  - Jingxian Wu, University of Arkansas, USA

- **ICSPCS 2023**, 16th International Conference on Signal Processing and Communication System, 6 - 8 September 2023, Bydgoszcz, Poland
  

  SPCC representatives:
  - Tadeusz Wysocki
  - Octavia Dobre
  - Lajos Hanzo

Special Interest Groups

More information about the SIGs may be found in our web page:

[http://spcc.committees.comsoc.org/special-interest-groups/](http://spcc.committees.comsoc.org/special-interest-groups/)

SIG on Signal Processing Techniques in 6G Communication Systems

The SIG has the following activities:

Journal Special Issues

To appear
- IEEE Access, Special Section on Urban computing and intelligence, to appear.
- Springer Neural Computing and Applications Journal, Special Issue on Multi-access Edge Computing Enabled Internet of Intelligences, to appear.
- IEEE/CIC China Communications Journal, Special Issue on Quality of Experience for multimedia communications, to appear.

**SIG Son Signal Processing Techniques for Big Data and Wireless Edge Intelligence**

Its mission is to provide a platform to exchange ideas, initiate collaboration, and promote research activities that are broadly related to signal processing for big data and machine learning in wireless networks.

The SIG has the following activities:

**Conferences**
- TPC co-chair for IEEE International Conference on Computer Communications 2023, 2nd Workshop on Distributed Machine Learning and Fog Networks.
- Co-organizing IEEE International Conference on Communications 2023, 4th Workshop on Edge Learning for 5G Mobile Networks and Beyond.

**Journal activities**
- Guest Editor for IEEE Open Journal of the Communications Society Special Issue on Rate-Splitting and Multiple Access Techniques for 6G
- Guest Editor for IEEE Open Journal of the Communications Society Special Issue on Distributed Edge Learning in Wireless Networks
- Guest Editor for IEEE Transactions on Green Communications and Networking Special Issue on Energy Efficient Distributed AI over Wireless Networks

**SIG on REconFigurabLE Intelligent Surfaces for Signal Processing and Communications (REFLECTIONS)**

Its mission is to provide a research and networking platform to collaborate, exchange ideas, and promote initiatives on Reconfigurable Intelligent Surfaces for Signal Processing and Communications.

The SIG has the following activities:

**Conferences**
- ICC 2023: Workshop on Holographic MIMO Communications

**Tutorial**
New Horizon Europe Project
- INTEGRATE: Doctoral Network on the use of RIS for joint communication and sensing (started in March 2023).

**SIG on Signal Processing Techniques for Next Generation Multiple Access (NGMA)**

Its mission is to provide a research and networking platform to collaborate, exchange ideas, and promote initiatives on advanced signal processing on Next Generation Multiple Access (NGMA) in wireless networks.

The SIG has the following activities:

**Journal Special Issues**
- IEEE JSAC Special Issue on “Next Generation Multiple Access”, August 2021.

**Conferences**
- VTC 2022-Fall: Workshop on Next Generation Multiple Access (NGMA) for Future Wireless Communications
- GLOBECOM 2022: Workshop on Next Generation Multiple Access (NGMA) for Future Wireless Communications

**Tutorials**

**Seminars**

https://sites.google.com/view/comsoc-spcc-sig-ngma/seminar-series

**SIG on Orthogonal Time Frequency Space (OTFS)**

Its aim is to provide a platform to bring together academic and industrial researchers in an effort to identify and discuss the major technical challenges, recent breakthroughs, and new applications related to OTFS.

The SIG has the following activities:

**Journal Special Issues**
- China Communications Special Issue on OTFS (34 submissions, published in Jan., 2023)
- IEEE Communications Magazine Special Issue (35 submissions)
- IEEE ComSoc Best Readings

**Conferences**
- IEEE VTC 2022-Spring two tutorials (June 2022)
- IEEE ICC 2022 Workshop on OTFS (May 2022)
- IEEE ICC 2023 Workshop on OTFS
- IEEE WCNC 2023 Workshop on Delay Doppler Communications
OTFS Seminar Series
SIG Mailing list: otfs-sig@comsoc.org
Subscribe at http://comsoc-listserv.ieee.org/cgi-bin/wa?SUBED1=OTFS-SIG&A=1

Standardization activities

Standard development is critical for deployment of communication technologies and also has a complex interplay between the academic and industrial sectors. SPCC TC welcomes its members to become part of the IEEE standard activities. It also welcomes all volunteers from standardization groups to participate to the SPCC TC activities.

SPCC has our representative monitoring the most recent standard development: Ruiqi (Richie) Liu, ZTE Corporation

3GPP news
- Radio Access Networks (RAN): Next meeting information and previous meeting reports and documents are available here.
- Services & Systems Aspects (SA): Next meeting information and previous meeting reports and documents are available here.
- Core Network & Terminals (CT): Next meeting information and previous meeting reports and documents are available here.
- 3GPP Latest Releases: Release 17, Release 18
  - There are currently several work items approved by 3GPP to be included in Release 18 and a list of WIs can be found here.

Recent news in 3GPP
- 3GPP newsletters
- Some hot topics:
  - Authentication and key management for applications (AKMA) in 5G
  - AI/ML for NR Air Interface
  - Road to 6G

Recent news in ITU
Recent news in ETSI

Global Standards Collaboration meeting for a more sustainable, safer world
The 23rd meeting of the Global Standards Collaboration (GSC) was hosted by ETSI, in London, 26-27 April 2023. Three sessions were moderated in a workshop format and included interactive discussions.

SPCC Student Activities

Representative: Prof. Rui Dinis, University Nova Lisboa, Portugal
The ComSoc Student Competition recognize students who demonstrate the capacity to improve the lives of people through the application of communication technology.
- Eligibility: A team led by a Student Member or Graduate Student Member of IEEE Communications Society
- Award: US$ 2,000, First prize winner invited to receive the prize at IEEE GLOBECOM 2023, Kuala Lumpur, Malaysia.
- Application deadline: mid August
- Details at: https://www.comsoc.org/membership/ieee-comsoc-student-competition

Student Competition 2022 Winners

FIRST PRIZE
“The Owl: An Accessible Immersive Telepresence System for the Future of Human Communication”
- Diego Gonzalez Morin, Nokia XR Lab and Universidad Carlos III de Madrid, Carlos Cortés and Marta Orduna, Universidad Politécnica de Madrid, Manuel J. López Morales, Universidad Carlos III de Madrid
- Advisors: Pablo Pérez, Nokia XR Lab, Ana García Armada, Universidad Carlos III de Madrid, Narciso Garcia, Universidad Politécnica de Madrid

SECOND PRIZE
“Internet of Bodies: Digital Holistic Healthcare”
- Abeer Alamoudi & Qi Huang, King Abdullah University of Science and Technology, Saudi Arabia
- Advisors: Abdulkadir Celik & Ahmed Eltawil
Committee awards

Nominations will be solicited by e-mail from the SPCC members and the SPCC Award Selection Committee will be responsible for the award selection process. The following awards are granted on a yearly basis by the SPCC TC:

IEEE SPCC Outstanding Service Award
The award recognizes members of the IEEE Communications Society for outstanding contribution to the technical activities sponsored and endorsed by the SPCC technical committee.

IEEE SPCC Technical Recognition Award
The award recognizes members of the IEEE Communications Society for outstanding contribution to the area of signal processing for communications.

IEEE SPCC Best Paper Award
The award recognizes members of the IEEE Communications Society who have made outstanding contributions of one paper in the technical areas that are of interests to SPCC. It applies to papers published in SPCC-sponsored conferences during the past year, in which no less than half of the co-authors are SPCC members.

IEEE SPCC Early Achievement Award
The award recognizes members of the IEEE Communications Society who have achieved early career visibility through research and service to the SPCC community within 10 years since the award of their last degree.

Please find additional information here:
http://spcc.committees.comsoc.org/awards/awards-by-laws-procedures/
and the list of past recipients:
http://spcc.committees.comsoc.org/awards/
